NOTE FOR: The Director
The Deputy Director

FROM: Dave Gries

SUBJECT: John McMahon to Testify on Cohen-Boren Bill

John called this morning to say that he had been asked to testify on Wednesday, 16 December at an open hearing. He has accepted. He intends to oppose the weakening of sources and methods language, the requirement to identify liaison partners and the proposal for a statutory inspector general. He intends to agree with the requirement for 48-hour notification of special activities without exception.

Senate Intelligence Committee staff has told John that Senators Boren and Cohen have shown interest in his position; namely, that the bill should be more narrowly constructed so as to deal with 48-hour notification without exception, while dropping many of the other controversial sections.

John asked for any material that we thought would be useful to him, and he welcomes our views. We will respond according to the guideline that the Director approved: we may furnish unclassified material and opinions when they are solicited, as is the case in this instance.

I informed John that Secretary Carlucci would probably be testifying at the same open hearing.
